

## Great Lakes Edition Inmar 320 Yacht Series

This Great Lakes Edition package provides what we feel is the all-around best deal available on a fully optioned, hypalon tube fiberglass hull tender and is only available through International Yacht Network. Our Yacht Series boats are designed to be functional, durable and versatile. Ample seating and storage for a great day on the water with friends. Designed to give a smooth level ride and great fuel economy. Rigid hull (RIB) models come standard with Hypalon (Orca 820) tubes that have multiple independent air chambers and are combined with our easy ride rigid hull.
